

# **Chrysalis Health & Beauty Job Description**

## **Development Technologist**

### **The Company & Appointment**

The Company is a well-established Nottingham based business specialized in the Development & Manufacture of new food supplements ingredients and products for customers in the UK and overseas.

A fantastic opportunity to join the technical team and support the development and launch of food supplement products for some of the best-known retailers and brands in the UK.

Applicants should have a working knowledge of the product development process and have a keen interest in health & nutrition. The ideal candidate would have experience of working in both development and be a good communicator at all levels.

### **The Post**

Office based in Nottingham, NG7 5HF, working Monday to Friday office hours.

Reporting to Technical Managers and able to work on own initiative to manage multiple projects and priorities.

Salary is dependent on skills and experience, includes a profit and performance related bonus.

25 days paid holiday.

### **Main duties and responsibilities**

- Supporting Technical Managers in the development of a wide range of food supplements.
- Identifying and working with new materials for product innovation and further developing these to prototypes for customer review.
- Together with the Production manager, work on process improvement, cost reduction initiatives and production trials.
- Together with Purchasing and Quality colleagues' evaluating new suppliers and materials with a view to cost reduction, new product development or product improvement.
- Writing of reports and technical documents to support the technical development process.
- Keeping up to date with regulatory and legislative changes

### **The Person Specification**

The role is open to graduates and non-graduates but would suit applicants with relevant experience of the food supplement sector.

Working with multiple projects to meet customer launch dates, the role would suit an individual capable of managing multiple projects and good time management skills.

Chrysalis is a company built around talented people and underpinned with a 'team' approach to everything we do.
